

Lease a new iMac. The ultimate New Year's resolution.

This is the perfect time to upgrade your business to the all new iMac. Stunning HD resolution. Quad-core Intel processors available in the 27-inch iMac. Today's iMac continues the design philosophy of an all-in-one computer that's as powerful as it is beautiful.

And Apple Financial Services offers business leases that make upgrading a great New Year's resolution, too.

24 month FMV lease at 0%* for leases \$5,000 or more.
30 month FMV lease at 0%* for leases \$10,000 or more.

To calculate your lease payment, simply divide the dollar amount of your equipment list by the number of months you would like to lease.
